Fresno County's Statement on Trails End Mobile Home Park

“The County of Fresno has been made aware of the tragic fire that took place at the Trails End Mobile Home Park on Thursday, April 29th where one person died, and another was injured. County records confirm that it’s Code Enforcement unit received a letter from the State Department of Housing and Community Development (HCD) in late January notifying the County that the Trails End Mobile Home Park was operating without the required Annual Permit to Operate. On January 29th, County staff responded by contacting the State HCD over the phone and e-mail confirming that the Trails End Mobile Home Park is within the City of Fresno’s jurisdiction.”
